PROFILE

IT Web Development student at Holy Angel University with a strong foundation in modern web technologies and a passion for building functional, user-focused web solutions. Skilled in working under pressure, collaborating effectively in team environments, and adapting quickly to new challenges. With hands-on experience using Visual Studio Code and programming in JavaScript, PHP, Python, Java, Angular, and Dart, I am continuously developing my technical and problem-solving abilities. My career goal is to become a Senior Full-Stack Web Developer, where I can contribute to real-world projects while growing as a professional in the tech industry.
